ELEVEN OASIS

Guidelines

Logo

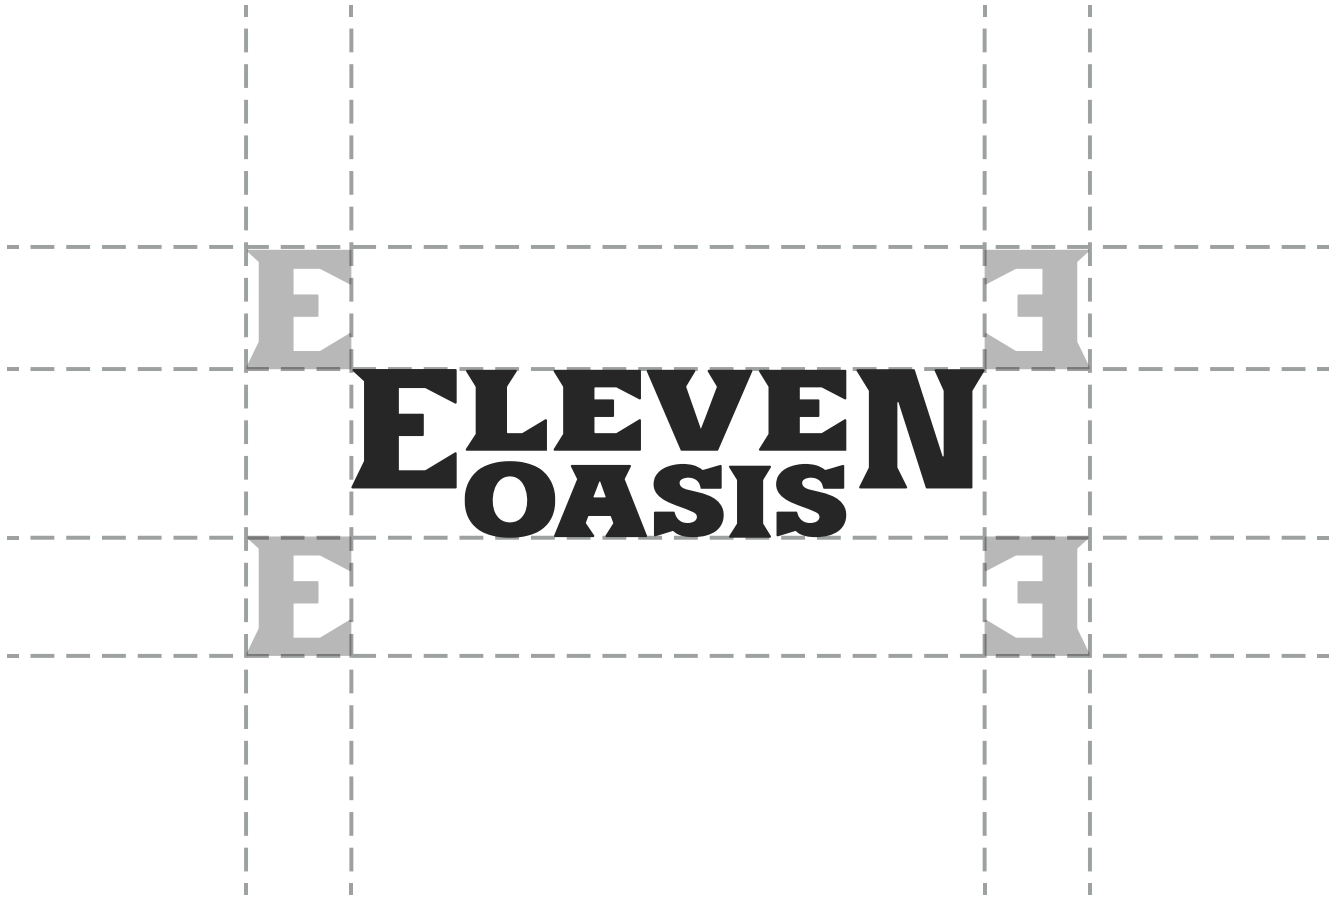

Our logo is the primary visual representation of our brand. It is the first thing many people will see and the fastest way customers will identify our products and services. For this reason, it’s important that our logo always be used in the same way and be given the space it requires to have the necessary visual impact.

When logos are used on colored backgrounds make sure that there is enough contrast for the logos to stand out. Use a white version against an image.

Logo Clear Space

Clear space is the area around the logo that must be free of any text or graphic elements. The minimum amount of clear space is measured by the height of the ‘E’ of the logo.

Logo minimum size

Print

The minimum size of our digital brandmark is 40 pixels (14mm)high, do not go smaller than the recommended size.

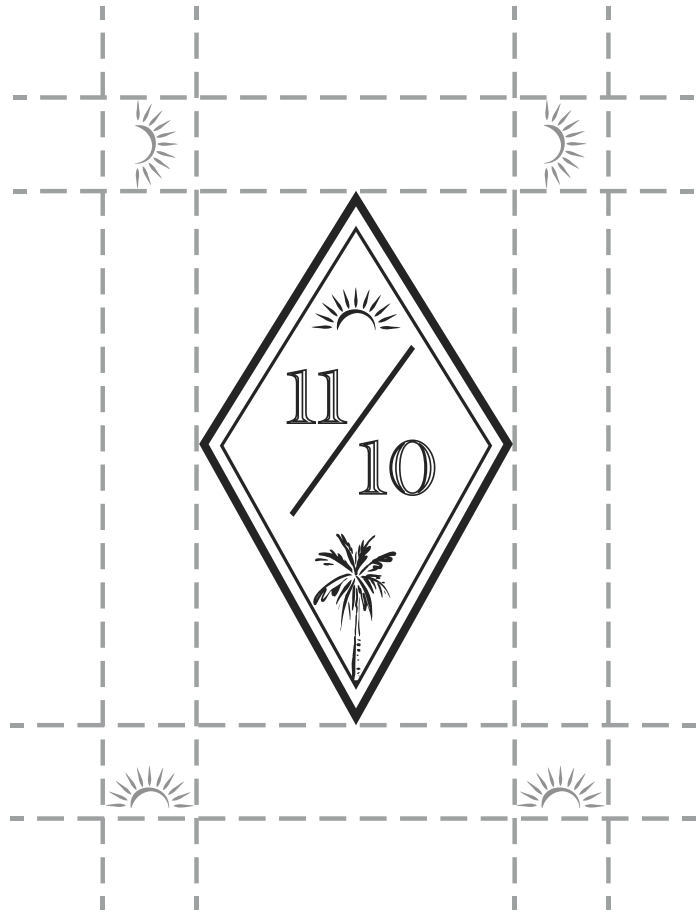

Digital

The minimum size of our digital brandmark is 30 pixels (10.4mm) high, do not go smaller than the recommended size.

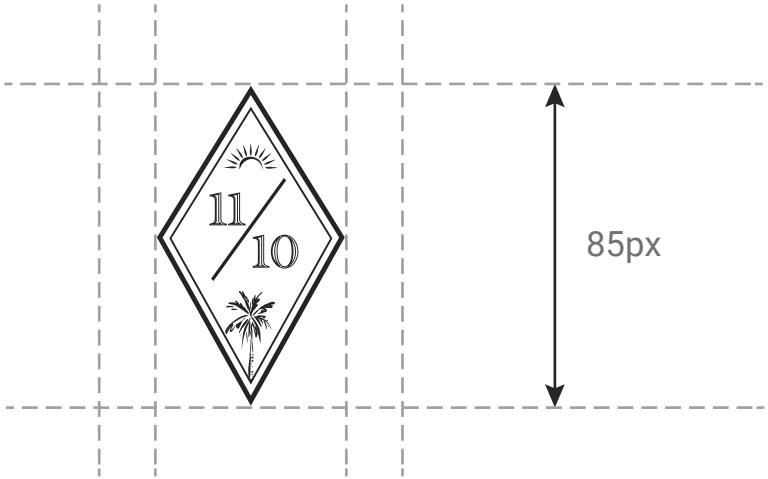

Brand Icon Clear Space

The minimum amount of clear space of the brand icon is measured by the width of the sun element.

Logo and brand icon Placement

How to place the Logo and brand icon on a communication

Regardless of communication size or dimension, the Logo can only ever be placed in seven locations. This keeps Logo placement simple and consistent, while allowing enough flexibility to accommodate our dynamic graphic system. Please keep in mind the Logo exclusion zone when placing the Logo in a corner.

In no particular order, the placement options are:

1.Top left corner

2. Top center

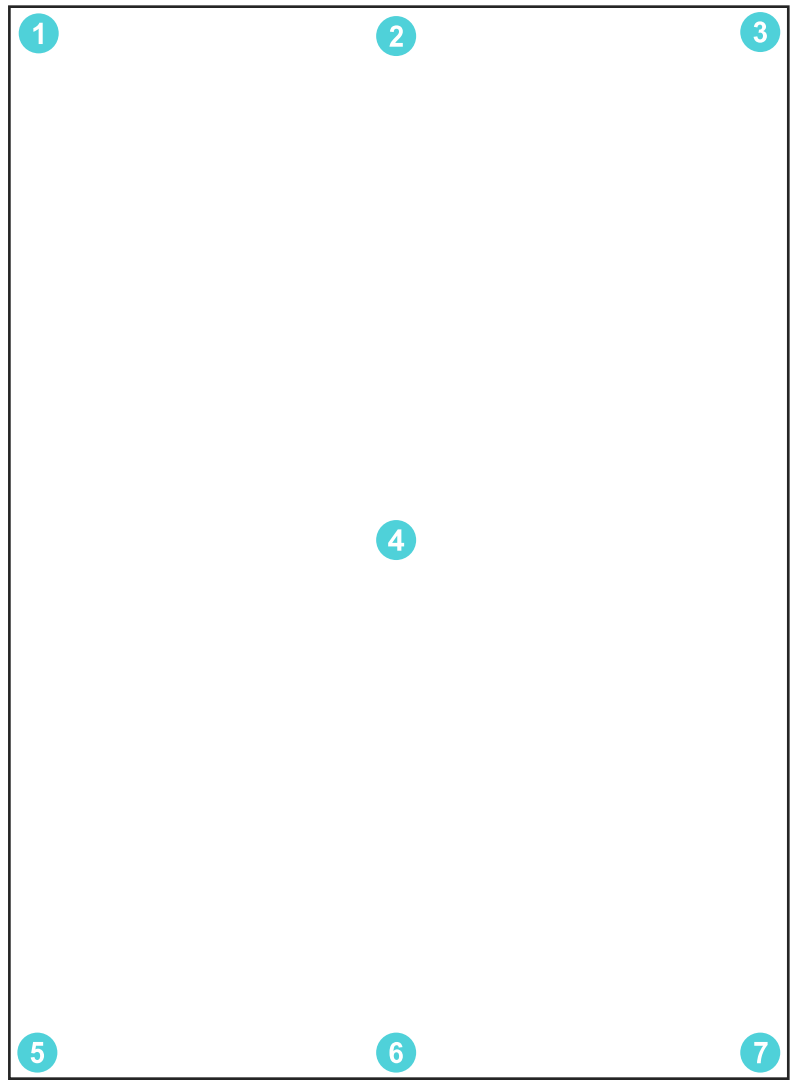

3. Top right corner

4. Center

5. Bottom left corner

6. Bottom center

7. Bottom right corner

Colors

Eleven Oasis Space black and Eleven Oasis off white serve as the core colors. Maintain consistent use of the brand color across all touchpoints.

WHO WE ARE

We’re not just another clothing company. We’re the guys who get it—life’s too damn short for boring gear.

At Eleven Oasis, we create distinctive apparel for men who aren’t afraid to show who they really are. Our customers don’t blend in because they don’t want to. They’re the guys at the BBQ getting compliments, the ones sparking conversations at car shows, the fellas who make a mundane Tuesday feel like an adventure.

Your personality, amplified. That’s not just our tagline—it’s our promise.

Our Community

The Eleven Oasis community aren't fashion followers; they're the legends making their own rules. The guys who know what works and aren't afraid to show it.

We speak their language
No-nonsense style that works as hard as they do. Shirts that look good at the office and even better at a backyard BBQ.

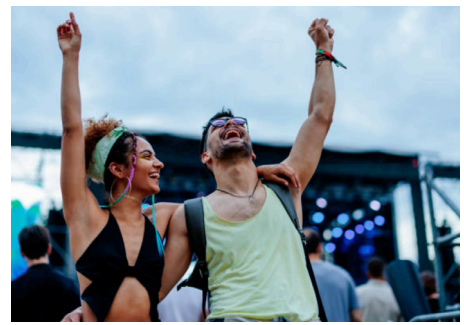

Every detail matters
Comfort that lasts through poker night. Designs that spark conversations. Quality that doesn't quit when life gets messy.

Real recognizes real
They've got nothing to prove and everything to show. Character earned through living, not posing.

Social Activities
Grabbing beers, Dining Out, Backyard BBQ, Sports Watching, Concerts, Reunions

Hobbies
Car Customization, Bowling, Playing Cards

Time-Off
Beach Vacation, Cruises, Sightseeing, Weekend Adventures

Photography Guide - Core Principles

Imagery is an important part of our visual system. Any image used should reflect our values. To allow for flexibility and creativity, we have selected photography for use in communications where imagery is appropriate.

Earthy Colors - Stick to deep browns, faded blues, sun-warmed neutrals

Natural Light - Utilize golden hour glow, dramatic shadows, soft dawn light

Raw & Real - Capture authentic moments with natural textures

Powerful Backdrops - Use expansive landscapes: desert trails, golden beaches, open horizons.

Real outdoor imagery

Getaway-inspired atmosphere—warm and inviting

Contains subjects of interest to our community

Capture the spirit and energy of going on adventures

Movement and depth of field

Capture authentic moments of connection and interaction

Photography Guide – What To Avoid

Here are examples of imagery that do not align with our brand.

In all cases, people, environments, and objects should feel authentic—avoid appearing overly staged, artificial, or unnaturally polished.

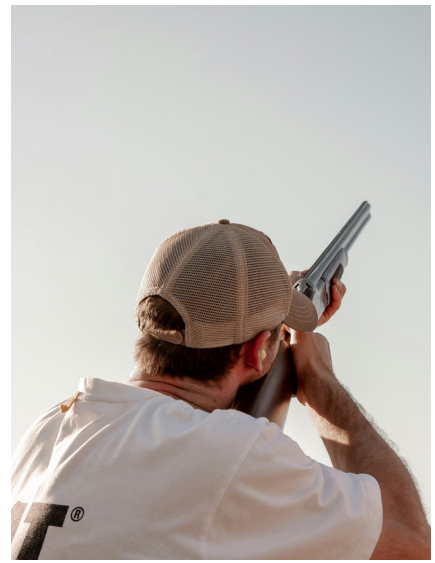

Avoid washed out colors

Avoid overly cold color schemes

Avoid oversaturation

Avoid gun imagery, as it carries political associations

Avoid unrealistic poses

Avoid dim lighting, obscuring garment details

Model Guidelines

These are the guys who walk into a room and everyone knows they've got their life together. Not pretty boys or gym selfie kings—real men with real presence.

Strong, masculine build that doesn't need to flex to prove it. Age 35-50—guys who've lived enough to know what works.

Expressions that say "I'm comfortable in my own skin" without the arrogance.

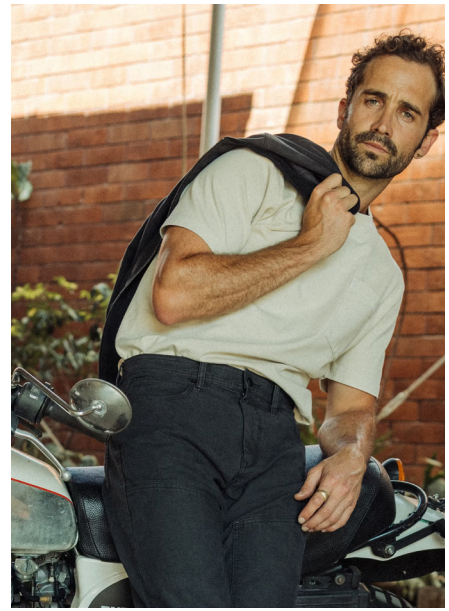

Do show real-life interactions

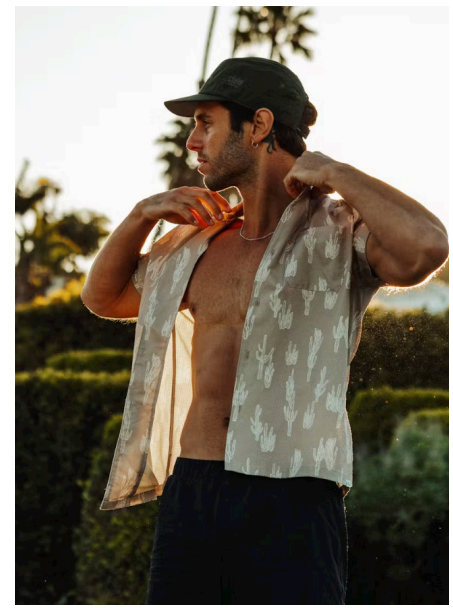

Do show animals in natural environments with depth of field

Do show natural poses

Do show unforced expressions

Do show natural lighting

Do include diversity of people; ethnicities, body shapes & age (35-50)

Model Guidelines – What To Avoid

To stay true to our brand's rugged, authentic masculinity, we avoid these elements in model selection and styling.

Avoid models lacking in rugged masculinity

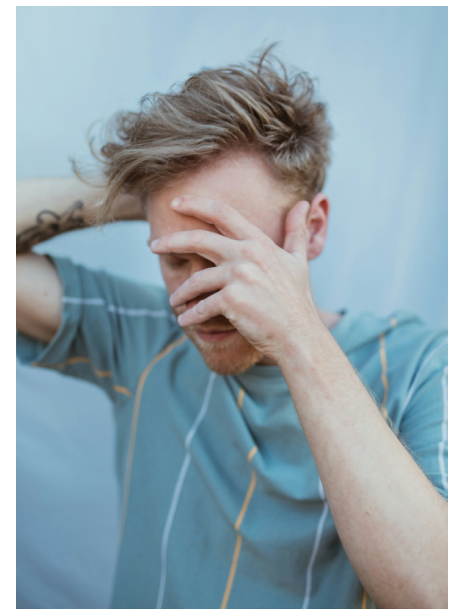

Avoid stiff smiles and poses

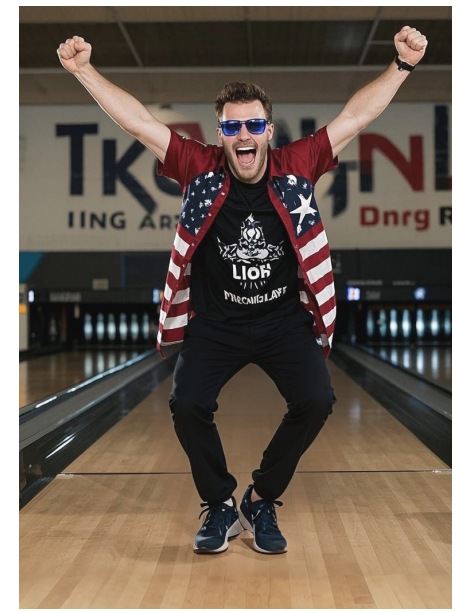

Avoid models with unnatural body proportions

Avoid leaving large portions of skin uncovered

Avoid poses that may evoke discomfort or negative emotions

Avoid artificial emotion or staged movement

We’re not for everyone.
We’re for the right ones.

The guys who appreciate a good story, a well-made shirt, and the kind of style that gets better with age. Men who know that confidence isn’t something you put on—it’s something you amplify.

Your personality, amplified.
